ABOUT US

At Hadi Pack,

With over 20 years of experience, Hadi Pack specializes in packaging machinery and production lines for the food and beverage industry.

We provide high-quality machines, comprehensive solutions, and expert consultations to help businesses establish and optimize their operations. We focus on delivering the latest technology with the best quality at competitive prices.

Additionally, our dedicated after-sales support team ensures that your production lines run efficiently, offering full maintenance and technical assistance when needed.

Whether you're an existing company seeking to upgrade or an individual looking to start a new factory, Hadi Pack is your trusted partner for reliable solutions and sustainable success.

نبذة عن الشركة

في شركة هادي باك،

بخبرة تزيد عن ٢٠ عاماً ، تتخصص شركة هادي باك في آلات التعبئة والتغليف وخطوط الإنتاج لصناعة الأغذية والمشروبات.

نحن نقدم آلات عالية الجودة وحلولاً شاملة واستشارات الخبراء لمساعدة الشركات على إنشاء وتحسين عملياتها.

نحن نركز على تقديم أحدث التقنيات بأفضل جودة وبأسعار تنافسية، بالإضافة إلى ذلك يضمن فريق دعم ما بعد البيع المخصص لدينا تشغيل خطوط الإنتاج الخاصة بكفاءة، وتقديم الصيانة الكاملة والمساعدة الفنية عند الحاجة.

سواء كنت شركة قائمة تسعى إلى الترقية أو فرداً يتطلع إلى بدء مصنع جديد، فإن شركة هادي باك هي شريكك الموثوق به للحصول على حلول موثوقة ونجاح مستدام.

Form Filling Sealing Machine for Cups

Model No	HP-TF103 - Cups
Packing system	Forming filling sealing machine
packing range	Different mold acceptable
Speed	Average 15 to 20 cpm depends on products value
Packing materials	PET m PVC, PS
Power	380 V 3 phase, 16 Kw
Compressor	2500 Liter/h

Packaging Solutions

ماكينة التشكيل الحراري مع نظام تفريغ الهواء

Thermoforming Machine

with
Vacuum System

Model No	HP-TF101
Packing system	Thermoforming
packing range	Different mold acceptable
Speed	Average 8 to 10 cpm depends on products value
Packing materials	PE PET / PE PVC
Power	380 V 3 phase, 16 Kw
Compressor	2500 Liter / h

Form Filling Sealing Machine for Liquid

Model No	HP-TF102 - Cups
Packing system	Forming filling sealing machine
packing range	Different mold acceptable
Speed	Average 15 to 20 cpm depends on products value
Packing materials	PET m PVC, PS
Power	380 V 3 phase, 16 Kw
Compressor	2500 Liter / h

Packaging Solutions

آلة تغليف شرك أوتوماتيكية بالكامل

Shrink Wrapping Machine

Full Automatic

Model No	HP-SH 601
Packing system	Shrink packing machine
packing range	100-400 mm width/100-500 length
Speed	Average 15 to 20 cpm depends on products value
Packing materials	POF / PVC shrink
Power	380 V 3 phase, 16 Kw
Compressor	600 Liter/h

Dates Paste Production Line

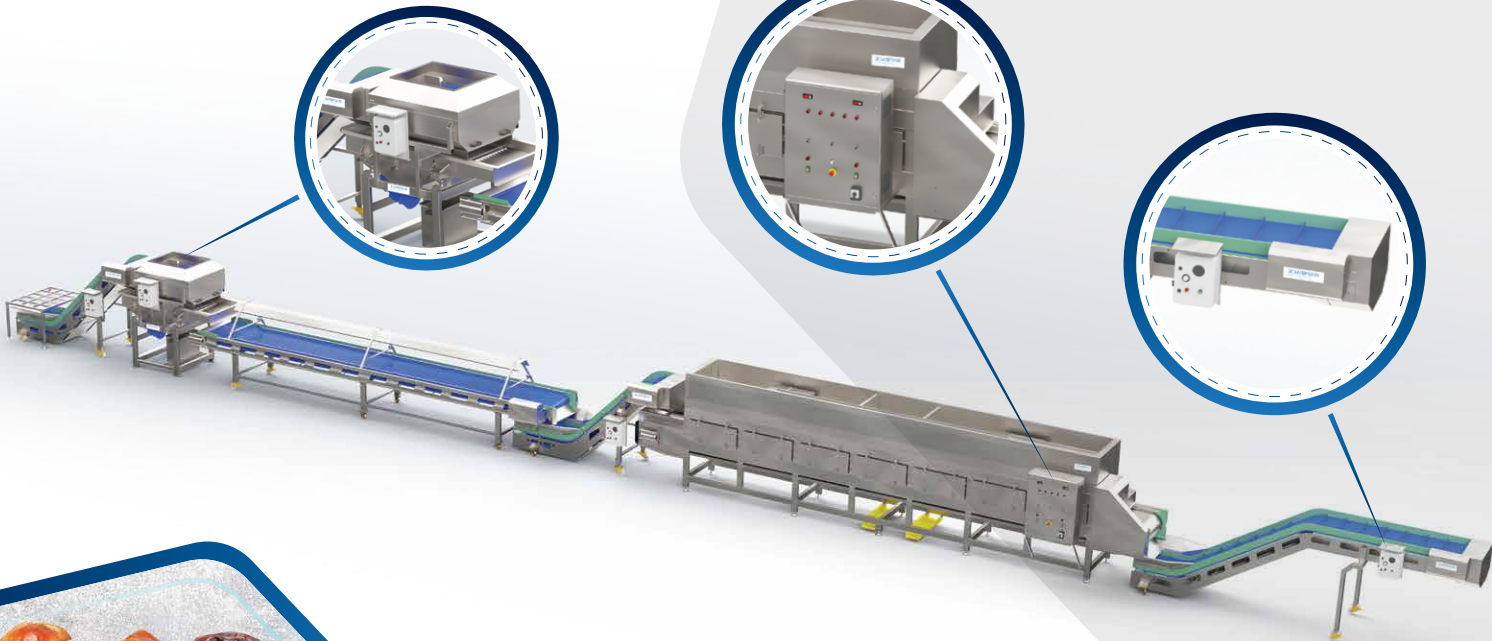

Model No	HP- 902
Production Type	Dates Paste Production Line
Capacity	700 up to 900 Kg per hour
Size	2700 cm
Power	380 V 3 phase 40 Kw
Utilities	Transferring - vibrating with washing- manual sorting- steaming- pitting - grinding

hadipack.com

Dates Production & Processing Line

Model No	HP- 901
Production Type	Dates Processing line
Capacity	1500 up to 2500 Kg per hour
Size	1200 up 35000 cm depends on capacity
Power	380 V 3 phase 150 Kw
Utilities	Transferring - vibrating - manual sorting - heating- transfer to packing machine
